

**Do you feel like the paper is piling up?
We can help, we now offer “E-Statements”!!**

If you have a “CU@theE-Branch” (home banking) account, you can now receive your statement(s) electronically, instead of paper!! To sign up for E-Statements with Old West Federal Credit Union, please log into your “CU@theE-Branch” account to enroll. You’ll find the button on the left side.

After statements are processed each month, you will receive an e-mail from Old West notifying you that your statement(s) is available on “CU@theE-Branch”. You can then log in to your home banking account and view or print your statement. No personal information will be in the e-mail, only a notification the E-Statement is available in “CU@theE-Branch”.

E-Statements will be stored online for 24 months.

So sign up now to stop some of the *paper overload!* You’ll be able to retrieve your statement(s) and newsletter electronically to view at your convenience.

For this process to work, it is very important to keep your e-mail address updated in “CU@theE-Branch”. If the notification e-mail comes back to us as undeliverable, we will change you back to paper statements.

If you have any questions, please call.
