

May 25, 2010, Alexandria, Va. - The National Credit Union Administration (NCUA) is reporting recently simulated NCUA email boxes. The fraudulent emails solicit credit union member participation in an Online Survey or Member Survey, and promise compensation of \$40 as an inducement to respond to the email.

The emails are fraudulent, and may be an attempt to obtain confidential member information. NCUA does not solicit such information from credit union members. This is a phishing activity with no NCUA activity or approval. If you have received these emails please do not respond. If you have any questions or concerns please email NCUA at pacamail@ncua.gov.

The National Credit Union Administration is the independent federal agency that regulates charters and supervises federal credit unions. NCUA, with the backing of the full faith and credit of the U.S. government, also operates and manages the National Credit Union Share Insurance Fund, insuring the deposits of nearly 90 million account holders in all federal credit unions and the majority of state-chartered credit unions
